## Anti-violence

### Seed funding

The housing and social facilities restoration project promotes the repair of homes and premises where important services for the community are provided. We help with repairs to create safe conditions.

### TatoHub.Dnipro

Transformation of patriarchal masculinity into conscious fatherhood and "caring" masculinity; gender equality, non-violent communication and prevention of domestic violence in the family.

### Mobile teams of social psychological assistance

The project of functioning of mobile brigades of socio-psychological assistance to victims of domestic and gender-based violence with the support of UNFPA (United Nations Population Fund).

### Career hub "VONA"

"VONA hub" - develops the professional potential and capacity of women of vulnerable categories. Those who have suffered from domestic gender-based violence or are in the risk group.

### Assistance to victims of violence

The project provides comprehensive assistance and support to victims of violence - there are crisis rooms, a hotline in case of violence, Sviy space - a safe place for women and girls.

### Safe space for women and girls "Vilna"

The project works with mental health and support, improves women's and girls' equal access to specialized services, builds a self-sufficient network of women's and girls' empowerment.

### Case management

A project to provide case management services and support to victims of domestic and gender-based violence with the support of UNFPA (United Nations Population Fund).
